

MAXLOAD POSTER

The poster features a large industrial scale in the foreground, with a red needle pointing to 3500KG. The scale's dial is white with black markings and includes the 'Maxload' logo. The background shows a cargo terminal with stacks of wooden crates and a blurred airplane on the tarmac under a blue sky with clouds. The top of the poster has a green banner with the 'Maxload' logo and the text 'for all heavyweights'. The bottom right corner contains the PIA Cargo logo and contact information.

High Density Cargo
 at LOWER PRICE

Introduction

PIA introduces Maxload, a unique cargo product designed to cater those who need to ship high density cargo (350kg / CBM or more).

Maxload offers our business partners tailor-made solutions, providing them excellent opportunities to move heavy density shipments to any destination on economical rates, while not compromising on service quality.

Key Features

- 10% discount on market rates on shipments having density of 350 Kg / CBM or more*
- Primarily providing airport to airport services
- No quantity restriction
- Discount also applicable to smaller shipments

* Perishables & Dangerous Goods not Included. Conditions apply

Business Benefits

- Boost your profitability through savings on freight charges
- Keep a track of your shipment
- Streamline your entire air cargo supply chain
