- The Directors' of Pakistan International Airlines are pleased to present their report along with the unaudited interim financial statements for the nine months period ended September 30, 2008.
- The financial results for the period under review are summarized below:

	Third Quarter Ended		Nine Months Ended	
	2008	2007	2008	2007
	Rupees in Million			
Turnover - net	22,834	17,165	60,397	52,046
Aircraft Fuel Cost	13,991	7,124	33,616	21,416
Other Cost & Expenses	13,232	11,593	35,878	36,499
Exchange Loss / (Gain) - net	13,936	269	22,784	(135)
Financial Costs	2,131	1,817	5,841	5,213
Loss Before Tax	20,437	3,069	38,436	10,643
Loss After Tax	20,437	3,155	38,436	10,904

- PIA has incurred an unprecedented loss of over Rs. 38.4 billion, which include foreign exchange translation loss of Rs. 22.8 billion on US dollar denominated loans / lease obligations as a sequel to the steep depreciation of the Rupee.
- Despite stiff competition from the regional carriers, overall net revenue grew by 16%, passenger revenue growth was 17% whereas cargo revenue growth was 10%, in the nine months period ended September 30th 2008, against the corresponding period last year. Various measures like levy of fuel surcharge, increase in fares and improved revenue management have helped in enhancing the revenue.
- The airline industry has been reeling under the impact of high oil prices which peaked in the third quarter. Lately, the slowdown in growth has compounded the difficulties and going forward this poses a great challenge for the industry.
- PIA also continued to face tough times throughout the period under review and specially the third quarter of 2008 proved to be extremely difficult for the Corporation. As a result, during the nine months period under review compared to the corresponding period last year, PIA's losses increased by Rs. 27.8 billion mainly due to Rs. 22.9 billion increase in exchange losses and Rs. 12.2 billion increase in fuel costs; partly compensated by Rs. 8.4 billion increase in net revenue.
- Despite rising inflation rate, the Corporation has achieved success in its cost cutting measures; as a result the operating expenses excluding fuel cost reduced by Rs. 621 million, a decrease of 2%.
- The Corporation has achieved 98% of E-ticketing by September 30, 2008 and it is expected that the remaining 2% which is mainly due to interline electronic-e-ticketing will be completed shortly.
- Performance of the Corporations subsidiaries remained satisfactory. PIA Investments Limited reported revenue of Rs. 6.75 billion and profit after tax of Rs. 831 million representing, an increase of 25% and 147% respectively compared to same period of last year. Skyrooms (Private) Limited, another 100% owned subsidiary reported revenue of Rs. 174 million and profit after tax of Rs. 21.3 million.
- PIA Management and the Board are very concerned about the current operating situation including the high debt level and increasing interest rate environment which is adversely impacting the profitability of the Corporation. The effect of global financial turmoil is already evident on the industry but the worst may be yet to come. This could dampen traffic growth and put pressure on the yields. The recent reduction in oil prices, if sustained, will have a positive impact on the bottomline and cashflows. The management with full support of the GoP, Board, employees and other stakeholders is confident that the additional measures taken to contain the high loss situation will bring about sustainable improvements in near future.

1. CORPORATE INFORMATION

- 1.1 Pakistan International Airlines Corporation (the Corporation) was incorporated in Pakistan on January 10, 1955 under the PIAC Ordinance, 1955, which was subsequently repealed and replaced by the Pakistan International Airlines Corporation's Act 1956 (PIAC Act). The shares of the Corporation are quoted on all Stock Exchanges of Pakistan. The principal activity of the Corporation is to provide air transport services. Other activities of the Corporation include provision of engineering and other allied services.
- 1.2 During the current period, the Corporation incurred a net loss of Rs.38,436 (Sep 30, 2007: Rs.10,904) million, resulting in accumulated losses of Rs.75,071 (December 31, 2007: Rs.37,160) million as of the balance sheet date. Further, as of that date the current liabilities of the Corporation exceeded its current assets by Rs.54,141 (December 31, 2007: Rs.38,798) million. The steep devaluation of the rupee and the high level of oil prices were the contributory factors for the loss during the period. The management is taking corrective measures to improve the operating results of the Corporation.

The Government of Pakistan (GoP), as a majority shareholder, is committed to ensure the going concern status of the Corporation at all times. Historically, the support of the GoP has always been available to the Corporation.

The Corporation, therefore, believes that the going concern assumption is appropriate and has, as such, prepared these financial statements on this basis.

The Head office of the Corporation is situated at PIA Building, Jinnah International Airport, Karachi.

2. BASIS OF PREPARATION

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Corporation's annual financial statements as at December 31, 2007.

3. SIGNIFICANT ACCOUNTING POLICIES
