-----------------------------	---

PROCEDURE:

Company's Capability List (**under Pakistan Civil Aviation Authority Approval**) shall be compiled by integrating capabilities, for maintenance on relevant components, from all divisions through respective Chief Engineers.

The list shall be submitted to Chief Engineer (Quality Assurance) for approval, against scope of work being approved by the Competent Authority.

The Approved List shall be maintained and available on PIA website link (<https://www.piac.com.pk/corporate/engineering/capability/aircraft-capability>).

Company Capability List shall be periodically revised on bi-annually basis.

Company Capability List also has an Annex "A" comprising of new additions after the revision date.

Annex "A" to the CCL will be updated as and when "Request for Inclusion in CCL" forms received duly approved by Chief Engineer (QA) and will be incorporated in the new list during bi-annually periodic revision.

Deputy Chief Engineers (Production) concerned Shop shall maintain their own "Shop Capability List", endorsed by Chief Engineer (concerned).

Company Capability List may be published as hard copy for presentation to the Competent Authority, when asked for.

PIA Engineering & Maintenance is authorized to issue "Authorized Release Certificate" for all maintenance carried out on Aircraft components mentioned in the list.
